State by State Rate Comparison for Nonfatal Injuries Among Children Ages 14 Years and Younger per 100,000 Population, 2007

All State Title V Maternal and Child Health programs are required to report on 12 Health Status Indicators. This fact sheet provides information on Health Status Indicator Measure # 4A: the rate per 100,000 of all nonfatal injuries among children aged 14 years and younger. The data used for this comparison was reported by States in their 2009 State Title V Block Grant applications and obtained from the Maternal and Child Health TVIS reports. As the majority of the States indicated that the 2008 data was provisional, 2007 data was used.

In comparing the 2003 rate to the 2007 rate, 18 States remained the same, with the same being defined as +/- 9 from their 2003 rate. In 19 States, the rate decreased, and in 11 States the rate increased from 2003 to 2007. Two states* did not provide data on this Health Status Indicator.

States whose rates remained the same from 2003 to 2007.

Alabama	Illinois	Maryland	Missouri	North Carolina	Tennessee
Georgia	Indiana	Massachusetts	Montana	North Dakota	Vermont
Hawaii	Maine	Minnesota	New York	South Dakota	Virginia

States whose rates decreased from 2003 to 2007.

Arizona	Florida	Nebraska	Nevada	Pennsylvania	Utah	Wyoming
California	Kentucky	New Jersey	Oklahoma	Rhode Island	West Virginia	
Colorado	Mississippi	New Mexico	Oregon	South Carolina	Wisconsin	

States whose rates increased from 2003 to 2007.

Alaska	Connecticut	Kansas	Michigan	Ohio	Washington
Arkansas	Iowa	Louisiana	New Hampshire	Texas	

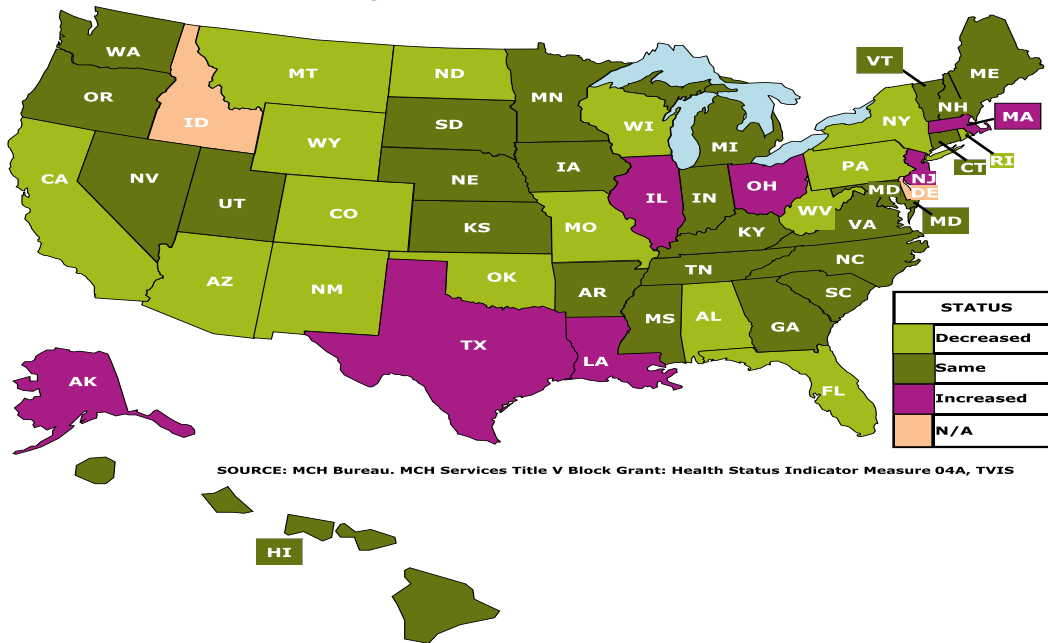

States in which data was not reported.

Delaware	Idaho
----------	-------

Note: Highlighted States showed a change between the comparison period 2003-2006 and 2003-2007.

Comparison 2007 to 2006 Nonfatal Injuries Among Children, Ages 0-14 Years

Nonfatal Injuries Among Children Ages 14 Years and Younger, State by State Comparison of Rate per 100,000, 2003 to 2007*

Nonfatal Injuries Among Children Ages 14 Years and Younger, State by State Comparison of Rate per 100,000, 2003 to 2006*
