

The Children's Safety Network (CSN) is currently running Cohort 2 of the Child Safety Learning Collaborative (CSLC) to reduce fatal and serious injuries among infants, children, and adolescents. CSN will launch Cohort 3 in November of 2026. Applications will open June 22, 2026. All Title V state/jurisdiction Health Departments (S/J) are eligible and encouraged to apply for this opportunity.

Participating in the CSLC has been a catalyst for a lot of other work – “the team at CSN is incredibly supportive and takes you through a practical approach to performance improvement and learning that can help you start some great work across your state and some wonderful partnerships.” -CSLC Member

For other interested organizations not funded through Title V, but wishing to participate, please reach out to your state/jurisdiction Health Department to find out how you can collaborate with them to participate. For more information on Title V and to find your state contact, visit <https://mchb.hrsa.gov/programs-impact/title-v-maternal-child-health-mch-block-grant>

Benefits of Participation

By participating in the CSLC, your S/J will have the opportunity to:

- Join a national network of peers to share lessons learned, conquer challenges, and implement and spread evidence-driven strategies to achieve state and national performance measures
- Participate in trainings, coaching, and technical assistance from nationally renowned experts
- Contribute to widely distributed resources including tip sheets, guides and webinars. Past participants have presented on national webinars and had their work highlighted at conferences and in published papers.
- Access a members-only, online workspace to easily track progress on your customized work plan
- Get early access to new child safety and program improvement resources and materials

Training and Technical Assistance

Topics for training and technical assistance, which can be customized specifically for your S/J include:

- Topic specific best practices and emerging trends
- Building strong partnerships
- Collecting, interpreting and sharing data to drive decision making and impact
- Continuous quality improvement (CQI)
- Adapting child safety interventions

Topic Areas

You may choose up to 2 topics to address in Cohort 3.

- Bullying Prevention
- Motor Vehicle Traffic Safety (includes child passenger safety and teen driver safety)
- Sudden Unexpected Infant Death (SUID) Prevention
- Suicide and Self-Harm Prevention

Overview and Commitment

- Participation in the CSLC does not come with funding. Opportunities for approved project-related travel will be reimbursed
- The next cohort will run from November 2026 to April 2028

- Each cohort of the CSLC is 18 months. Many S/J choose to continue on for successive cohorts, but this is not required
- Total participation time will vary from team to team with a minimum commitment of 2 hours/month. Depending on the month, this may include:
 - Member-only topic calls
 - State Technical Assistance Webinars
 - Taking advantage of targeted technical assistance and coaching
- Senior leaders in each state/jurisdiction are a critical part of catalyzing, implementing, spreading, and sustaining change and they are expected to guide and support the state team(s). This support may require attending regular meetings, designing a feedback structure, and providing guidance to the team members.
- While having engaged state leadership is essential, each state team can choose their membership and internal leadership to best suit their context and strategic goals
- Use of monthly reporting templates, CQI tools and data dashboards is encouraged to maximize the benefits of your participation

“Definitely worth the time! Eighteen months initially felt like a long time, but it turns out it isn’t that long and the information you receive and the ability to share with your peers is well worth it.” -CSLC Member

How to Apply

Applications will open June 22, 2026. Email csninfo@edc.org to receive a unique link for your application. Links are issued within 24 hours of request.

You can keep updated on application materials, timelines for submission and find out more about the CSLC by visiting the [CSLC page on the Children’s Safety Network website](#). We are here to support you and answer any question you may have about the benefits of participating in the CLSC, commitment, application process and other child injury prevention related topics. Please reach out to us with questions: Jenny Stern-Carusone, CSLC Director, at jsstern-carusone@edc.org or 617-618-2980.

Upcoming Dates to Launch Cohort 3

- ❖ **Informational Webinar on applying for the CSLC (attend one)**
 - ❖ [REGISTER](#) for Option 1: July 1, 2026, 2:00 PM-3:00 PM EST
 - ❖ [REGISTER](#) for Option 2: July 23, 2026, 12:30 PM-1:30 PM EST
 - ❖ [REGISTER](#) for Option 3: August 12, 2026 4:00 PM-5:00 PM EST
- ❖ **Application Submission Closing Date:** August 31, 2026
- ❖ **Applicants are accepted and notified:** September 16, 2026
- ❖ **Orientation webinar (attend one)**
 - October 7, 2026 from 2:00 PM to 3:00 PM EST OR October 22, 2026 from 3:00 PM to 4:00 PM EST
- ❖ **Initial Technical Assistance Consultations** conducted with teams in October 2026 (scheduled individually)
- ❖ **Topic calls:** every other month beginning November 2026

The Children’s Safety Network is supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) under the Child and Adolescent Injury and Violence Prevention Resource Centers Cooperative Agreement (U49MC28422) for \$800,000 with 0 percent financed with non-governmental sources.
