

Motor Vehicle Traffic Safety (MVTs) Change Package

Instructions

Select 1-3 strategies to implement and spread. For each strategy selected, collect data for the primary measure and any to all of the secondary measures to report on monthly as well to inform your improvement efforts.

Strategies	Measures
<p>1. Implement and spread child passenger safety education to parents/caregivers (e.g., how to correctly install child safety seats, buckle harness, etc.)</p>	<p>Primary 1. Number of fitting stations, birthing hospitals, and other organizations offering child passenger safety education to parents/caregivers of children ages 0 to 14</p> <hr/> <p>Secondary 1a. Number of parents/caregivers who received education 1b. Number of infants, children, and adolescents reached 1c. Number of educational materials distributed</p> <hr/> <p>Guidance Report the approach(es)/name of the education program(s) being implemented and spread. You may need to estimate the number of infants, children, and adolescents reached (e.g., number of 0-14 year olds for which each parent/caregiver is responsible)</p> <p>For the primary measure, identify the number of fitting stations, birthing hospitals, and other organizations you aim to reach. Report on a monthly basis the number offering child passenger safety education to parents/caregivers of children ages 0 to 14. Report the types of education. For secondary measures 1a and 1b, you may need to estimate the number of parents/caregivers and infants, children and adolescents (e.g., number of parent/caregivers subscribing to a resource, number of infant, children, and adolescents parents/caregivers are responsible for, etc.)</p>
<p>2. Establish child passenger inspection and fitting stations throughout the state or jurisdiction</p>	<p>Primary 2. Number of inspection and fitting stations established</p>

Motor Vehicle Traffic Safety (MVTs) Change Package (Cohort 2)

Strategies	Measures
	<p>Secondary 2a. Number of child safety inspection forms completed 2b. Number of child seats inspected</p> <p>Guidance For the primary measure, identify the number of child passenger inspection and fitting stations you aim to establish. If you are not establishing new stations, are you trying to improve or maintain existing stations, and how? If so, please report on secondary measures</p>
<p>3. Train and certify child passenger safety technicians throughout the state or jurisdiction</p>	<p>Primary 3. Number of child passenger safety technicians trained and certified</p> <hr/> <p>Secondary 3a. Number of child passenger safety technicians retained. 3b. Number of child passenger safety technicians trained and certified who are bilingual</p> <p>Guidance For the primary measure, identify the number of child passenger safety technicians you aim to reach. Report on a monthly basis the number of technicians trained and certified</p>
<p>4. Distribute child safety seats and booster seats throughout the state or jurisdiction</p>	<p>Primary 4. Number of organizations distributing child safety seats and booster seats</p> <hr/> <p>Secondary 4a. Number of child safety seats distributed for 0 to 4-year olds 4b. Number of booster seats distributed for 5 to 7-year olds</p> <p>Guidance For the primary measure, identify the number of organizations you aim to reach. Report on a monthly basis the number of organizations distributing child safety seats and booster seats</p>

Motor Vehicle Traffic Safety (MVTs) Change Package (Cohort 2)

Strategies	Measures
<p>5. Implement and spread evidence-based teen driver safety programs to teens throughout the state or jurisdiction (e.g., Checkpoints, Impact Teen Driver, Teens In the Driver Seat)</p>	<p>Primary 5. Number of schools and organizations providing teen driver safety programs with teens</p> <hr/> <p>Secondary 5a. Number of teens who participated in the program(s)</p> <hr/> <p>Guidance For the primary measure, identify the number of schools and organizations you aim to reach. Report on a monthly basis the number of schools and organizations providing a teen driver safety program(s) with teens. Report the name of the program(s). If possible, report the number of teens reporting compliance with passenger restrictions and other components of the state's Graduated Driver Licensing law</p>
<p>6. Implement and spread evidence-based teen driver safety education to parents/caregivers throughout the state or jurisdiction (e.g. Checkpoints)</p>	<p>Primary 6. Number of schools and organizations providing teen driver safety education to parents/caregivers</p> <hr/> <p>Secondary 6a. Number of parents/caregivers reached. 6b. Number of educational materials disseminated</p> <hr/> <p>Guidance For the primary measure, identify the number of schools and organizations you aim to reach. Report on a monthly basis the number of schools and organizations providing teen driver safety education to parents/caregivers. Report the approach(es) and type of education provided. For secondary measures, you may need to estimate number of parents/caregivers and number of materials disseminated (e.g., number of parents who subscribe to teen driver safety content, number of website downloads, etc.)</p>

Motor Vehicle Traffic Safety (MVTs) Change Package (Cohort 2)

Strategies	Measures
<p>7. Implement and spread the use of the Centers for Disease Control and Prevention's <i>Parents Are the Key</i> parent-teen driving agreement</p>	<p>Primary 7. Number of parents informed about the <i>Parents Are the Key</i> parent-teen driver agreement</p> <p>Secondary 7a. Number of signed <i>Parents Are the Key</i> parent-teen driver agreements</p> <p>Guidance For the primary measure, identify the number of parents you aim to inform</p>
